# Airports in Germany – a view from a Regional Airport

Regional Airports comply  
common interests  
public tasks  
as well as Big Airports

Especially in Germany expand of AIRPORT-Infrastructure  
are “long-haul” Projects (e.g. FRA, MUC, DUS)

Small Airports can overtake parts of these capacities

# Airports in Germany – a view from a Regional Airport

Regional Airports are competitive but they have disadvantages in opposite of big airports (> 5 Mio Pax/a)

- in state regularities (e.g. ATC)
- in fund raising
- in gaining Investment Subsidies (e.g. Notification procedure/state aid 99/03)

# Airports in Germany on a view from a Regional airport

Regional Airports have to tread new paths

New services, New Ideas, but at least

- Better
- Faster
- Leaner
