AIRPORT NO AERONAUTICAL INCOMES

French taxi drivers blocked roads to airports and train stations in Paris. Delhi Uber drivers protested after government crackdown. California Labour Commission ruled in favour of a woman who had served as a driver for Uber. Who benefits from the ban or authorization of online cab services?

The “Car Sharing Revolution”. *Steve Michoulas, Director, Legal Service & Counsel of Vancouver Airport Authority* will speak about how Uber, Lyft, Zip Car And Car2go are challenging traditional ground transportation models at Airports.

AIRPORT PLANING

Last July 1th, the UK Airports Commission (Davis Commission) released its report. It recommendation is to develop of a new northwest runway at Heathrow to address airport capacity constraints in the South East. That recommendation was reached after a deep analysis of a cost-benefit of the different options.

Mr. Robert Herga, General Counsel of Gatwick Airport, will explain the impact and the effects of such important airport policy decision for the future of the UK (and the rest of World) airport/aviation industry and market.

AIRPORT IT & SECURITY

Cyber Risks insurances are a set of coverages related to a wide range of cyber security risks, helping persons and companies to prevent and safeguard against sensitive data breaches, computer hacking, employee errors and more. Airports, as well as airlines, handle large data bases. Claims arising out of a breach affecting this information could become an important trend throughout years to come.

Chris Barth, Partner at LockeLord LLP, will speak about insurance coverage and cyber security issues, focusing on the potential issues under airport owners & operators’ insurance
